Caring for America Committee

The National Federation of Republican Women (NFRW) established the Caring for America program in 1999 to encourage state federations and clubs to actively participate in at least one community service program. Caring for America is based on the belief that problems can be solved most effectively through the generosity and combined energies of individual citizens.

Caring for America programs may be completed by the state or club individually or in collaboration with other community agencies. Republican women always step forward when they see an area that needs assistance, whether it is hands-on or through donations of needed food or other commodities. The NFRW Caring for America Committee compiles a comprehensive list of activities that is provided to all Federated Republican women's clubs.

The Caring for America Committee consists of region leaders from various member states who each work with the state presidents in their assigned region to promote the Caring for America program. These region leaders meet before the national biennial convention to review submissions from state presidents to determine the NFRW Caring for America Award winners in each size category. The NFRW recognizes each winner with a certificate at the biennial convention.

Tennessee Firearms Association

Background

The Tennessee Firearms Association is a Tennessee not-for-profit corporation formed to promote the right to keep and bear arms, restoring government to citizen control and giving full effect to the original intent of the Bill of Rights to the United States Constitution as well as to the provisions of the Tennessee Constitution with an emphasis on the 2nd and 10th Amendments to the United States Constitution and Article I, Section 26 of the Tennessee Constitution.

What They Stand For

The Tennessee Firearms Association holds that every American is endowed with certain inalienable rights, granted to us by our Creator, and made our birthright by the sacrifices of the men and women who founded this state and country. The right to keep and bear arms is one of those inalienable rights; one that our government has no authority to infringe or take away. One that our government did not create but merely acknowledges and claims to protect.
