Veteran's Day Celebration

Thank you to all our members who brought toiletries for our Veteran's Day gift bags. With the addition of candies, we were able to deliver around 30 gift bags for veteran residents of American House and Harmony at Victory Station. We even had one female veteran, so she received a special pink bag! The activity directors complimented our service to our veteran's by remembering them on Veteran's Day. They were so pleased and said the items were perfect for their residents. Thanks again for participating!

NFRW- Caring for America

The National Federation of Republican Women (NFRW) established the Caring for America program in 1999 to encourage state federations and clubs to actively participate in at least one community service program. Caring for America is based on the belief that problems can be solved most effectively through the generosity and combined energies of individual citizens.

Caring for America programs may be completed by the state or club individually or in collaboration with other community agencies. Republican women always step forward when they see an area that needs assistance, whether it is hands-on or through donations of needed food or other commodities. The NFRW Caring for America Committee compiles a comprehensive list of activities that is provided to all Federated Republican women's clubs.

Moving forward there is a need for a member to chair this project. Please let our board know if interested
